**Subject:** Charleston Chemical Leak MCHM

Mike,

Can you send me a copy of the complete set of data that has been collected by West Virginia? I am supporting EPA efforts here in the region and with the other federal agencies and with the OSCs on site. I would greatly appreciate it if can get someone there that can email the data to me. Bob Helverson is in Charleston working with FEMA and the WV Health folks, if the set is too big to email, if you can give it to him he can transfer it to me securely.

Thank you,

Stephen Jarvela

This Email message contained an attachment named  
image001.jpg  
which may be a computer program. This attached computer program could  
contain a computer virus which could cause harm to EPA's computers,  
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
